Crystal Clear Consultancy Ltd is a recruitment agency based in Nottingham City specialising in the Care, Education and Construction sectors with over 25 years experience. Currently a medium player in the market the business goal is to become the biggest the best at providing quality staff for service providers, ensuring they are paid an excellent rate whilst reducing their carbon foot print during service delivery. The business strives to Implement technology where possible, helping the planet to become a much cleaner place. The business aims to help make a difference by resolving any shortage of staff or services that clients may be experiencing. Specialising in the provision of both temporary and permanent staff, they review staff performance and are able to offer contracts after their probation period. Clear Crystal Consultancy achieves this by working closely with clients and by doing so are able to provide a tailored service according to businesses requirements.

Clear Crystal Director Linda Redmond worked closely with a number of Business Advisers at the D2N2 Growth Hub in order to apply for funding to help develop and grow the business further. After winning a national contract delivering B2B services, the business have now been able to establish the systems needed to meet the demands of the contract. The adviser team also worked hard to enable Clear Crystal to achieve a successful grant application for a Business Consultant to help them put new systems in place.

“ *Richard and his team have worked quickly and hard to enable us to have a successful grant application for a Business Consultant to help us put new systems in place and a new member of staff. Richard and his team have worked effectively and quickly to ensure we received a positive outcome for our grant which we have.*
