

D2N2 Capital Growth Fund Case Study: RISK

An award-winning North Nottinghamshire business has received grant funding from the D2N2 Capital Growth Fund to develop an innovative online training portal.

RISK & Safety Management Services is a multiple-award-winning health & safety training and consultancy solution provider, based in North Nottinghamshire. Established in 1997, they have a proven track record for delivering IOSH, NEBOSH and CITB courses. With national and international coverage, they have worked with leading businesses such as JCB, Games Workshop and top construction companies, including Vinci, Bouygues UK and Balfour Beatty. Their innovative approach led to them scooping the Nottinghamshire E-Commerce Business of the Year accolade at the East Midlands Chamber 2019 Awards and the Nachural Entrepreneurship Awards Small Business of the Year 2019 award.

Director and founder Mike Adams said "RISK worked hard to develop a unique way of delivering the coveted NEBOSH Certificate qualification. This has typically been measured in the pass marks of our delegates and as a result we have consistently achieved higher than the national average pass rates."

"The grant funding from the D2N2 Capital Growth Fund has enabled us to develop a portal which will allow delegates to access course materials, revision kits and a post-course alumni for those achieving the professional qualification standard".

David Smith, Account Manager for the D2N2 Capital Growth Fund, added "RISK have enhanced their training offer through development of this initiative, which provides added value to their delegates who can now tap into resources at any time."

“If you are a small or medium-sized businesses in Derby, Derbyshire Nottingham or Nottinghamshire with a capital investment project that will create new jobs, then the D2N2 Capital Growth Fund may be for you.”
