

D2N2 Capital Growth Fund Case Study: Motorhome Depot.com

An innovative Mansfield business is set for the next phase of growth thanks to grant funding from the D2N2 Capital Growth Fund.

Motorhome Depot is Europe's leading motorhome broker, offering buyers and sellers a secure way to handle their motorhome or caravan transaction. Established in 2012, Motorhome Depot now operates a network of over 60 franchisees throughout the UK and Europe. They also operate a new franchise model, Habcheck, which undertakes fully impartial pre-purchase inspections and habitation checks on motorhomes and caravans.

Having recently moved from managed office space into their own premises, the D2N2 Capital Growth Fund grant has enabled Motorhome Depot to secure their premises and create additional space, including a designated training centre for Habcheck.

Adam Reek, Director said "Our business has developed from a team of 4 in 2012 to 35 employees today. The creation of additional space will provide us with a platform for future growth."

"Our strategy is for continued growth within the UK and to maximise our market share, whilst also developing throughout mainland Europe".
